

## OMEL DIVERSIFICACIÓN HOLDS THE TWELFTH AUCTION FOR THE PURCHASE BY LAST RESORT RETAILERS OF NATURAL GAS FOR THE SUPPLY TO LAST RESORT CONSUMERS.

**After 10 rounds was adjudicated to 8 vendors 1,200 GWh of Base Gas and 1,910 GWh of Winter Gas.**

**The purchase price was set to 21.79 €/MWh for the Base Gas and at 23.67 €/MWh for the Winter Gas.**

The auction for the purchase by Last Resort Retailers (CUR) of natural gas for the supply to last resort consumers was held today, 16 June 2015, pursuant to the provisions of Order ITC 863/2009 of 2 April.

The products covered by the auction include a Base Gas, corresponding to a pre-established amount to be delivered monthly within the period falling between 1 July 2015 and 31 December 2015 and which will take the form of daily supplies, and a Winter Gas, defined by amounts of natural gas to be delivered in November and December 2015 and January, February and March 2016.

The Base Gas product adjudicated in the period falling between 1 July 2015 and 31 December 2015 corresponds to a monthly amount of 200 GWh.

The Winter Gas product adjudicated corresponded to the following monthly amounts:

November	2015: 150 GWh
December	2015: 520 GWh
January	2016: 520 GWh
February	2016: 520 GWh
March	2016: 200 GWh

The auction was held by internet using OMIE auction software. The procedure used was a “descending price clock auction” in which, based on initial price, there is a progressive reduction in the same over successive rounds until a balance is struck between supply and demand for the product.
